JOHN C. SERWATKA

SOFTWARE DEVELOPMENT | SYSTEMS | TECHNICAL SUPPORT

Poughkeepsie, NY | Open to Albany-area relocation and U.S. remote roles

john@johnserwatka.com | johnserwatka.com | github.com/john-serwatka | linkedin.com/in/john-c-serwatka

PROFILE

Technology-focused professional building a C#/Godot tactical RPG and maintaining Linux-based infrastructure, with prior web development and over a decade of work in K-12 environments. Experience includes software debugging, automated validation, Git-based workflows, self-hosted services, and user issue tracking through FreeScout. Interested in software engineering, QA/automation, technical support, and systems roles.

CORE SKILLS

Development: C#, Python, JavaScript/TypeScript, Java, Godot/.NET, React, Git/GitHub, automated tests

Systems: Linux/NixOS, Ubuntu Server, Docker, DNS, VPNs, Caddy, Nextcloud, backups, monitoring

Support and collaboration: FreeScout, troubleshooting, bug reproduction, documentation, user communication, CI feedback

SELECTED PROJECTS

Veilkeeper | Tactical RPG | PocketLore Studios | 2026-Present

- Build C#/Godot turn-based combat and game systems, with debugging, issue tracking, and test/validation workflows.
- Developed a playable PlayNYC 2026 demo; respond to feedback and maintain project web/support infrastructure.

Home Lab and Release Tooling | Personal | Mar 2024-Present

- Operate five Linux/endpoint systems; deploy and troubleshoot self-hosted services, networking, monitoring, backups, and restores.
- Develop reproducible build, archive, and release-check workflows, including Rust-based verification tooling.

Trivia Web Application | Independent project

- Built a React/TypeScript trivia app with modular components, theme switching, and Jest unit tests.

PROFESSIONAL EXPERIENCE

Driver / Cleaner | Haldane Central School District | Cold Spring, NY | Dec 2022-Present

- Support day-to-day school operations with reliability, discretion, and clear staff communication.

Web Designer / Developer | Higgins Dash | Poughkeepsie, NY / Remote | May-Dec 2023

- Gathered requirements and made client-facing website changes using Wix, JavaScript, and CSS.

School Bus Driver | Wappingers Central School District | Wappingers Falls, NY | Nov 2015-Nov 2022

- Managed safety-sensitive operations and time-critical communication with students, staff, and families.

TRAINING

ApprenticeNow Java Intensive Certificate (Sep 2022) | Java, OOP, MySQL, Spring Boot
Joy of Coding Academy | Python, JavaScript, React, TypeScript, Next.js, Git, CSS
